Subject: Microsoft Antitrust

Honor,
Judge Colleen Kollar-Kotelly,

Please I urge you, your Honor, to review "The Proposed Final Judgment" with the DOJ and Microsoft. I have been in the IT business for many years and have seen countless times that Microsoft has been less than fair in their business practices, ethical competition, and consumer choice. The IT industry needs protection from Microsoft and Microsoft needs to cease their monopolistic practices.

Thank You,
Marc R. McCamey BST, Tech+
